Cabelas Big Game Hunter 2008 Trophy Bucks [English][PC][WwW.Download Torrent Pokemon Diamond And Pearl 2017 Zip File In English.(Reuters) - Ohio's once-dominant role in producing cars could be in danger following a proposed \$3.1 billion bailout for General Motors Co's auto industry, according to a measure on the ballot on Tuesday. The proposed Emergency Loan and Grant Agreement for Ohio would put the state's 90 percent share of liquid fuel tax revenues generated from passenger vehicles into a trust fund to bail out the state's 30-year-old General Motors Assembly Plant in Lordstown. The Plan would then invest \$50 million a year from the trust fund into the plant. General Motors and Fiat Chrysler Automobiles NV agreed to combine their operations to save about \$4.5 billion, and will produce more than a dozen new vehicles, including the Chrysler 200 and Fiat 500, in the United States by 2020. On Monday, the United Auto Workers union and the union representing GM employees signed the second-largest collective bargaining agreement in U.S. history to end a two-month strike. The union already agreed to layoffs in certain plants, a tighter profit sharing system and five annual merit pay increases worth \$12,000 in salary over two years, or 10 percent of base pay for hourly workers and 12 percent for salaried workers. Union officials say the tentative deal means about 3,600 jobs will be saved in the United States. But labor experts said the deal could be short-lived if the credit union administering the proposed bailout for the Lordstown plant is successful in collecting the tax from GM and FCA. "GM is going to be hugely burdened by this," said Maryam Jameel, senior vice president of the Center for Automotive Research in Ann Arbor, Michigan. "General Motors will have to move all non-essential workers and no customer calls or customer visits. That's a huge hit to its business." The Ohio Department of Development, which is running the Plan, said it is confident the Ohio Fuel Tax Agreement and the Ohio Investment Act will be upheld in court and that all General Motors investors and lenders will receive returns
