Relive the quest of Grimnir and the fall of the Winter Kingdom in the original epic adventure with a witty and cute android hero The End, which is a parody of other games and movies. Players have a decision to make in the game: the way, in which you will kill evil man. Hope you enjoy the game. Future and ever sequels You will be able to travel through new land, challenging new enemies! All times in future: All times in future: Date Event Fri 02 Jun 2018 01:00 : The End is up for sale in Google Play (only for USA) Fri 01 Jul 2018 01:00 : The End is up for sale in Google Play (only for USA) Fri 02 Sep 2018 23:59 : The End is up for sale in Google Play (only for USA) Game Description The End is a parody of the popular role-playing game series and other, related popular games. The story takes place in The Land of Dreams, a magical land without day or night, where you find yourself in this paradox. Man lives to play and to travel, but also to stay at home, doing nothing except talking to ghosts in his closet. But each world has his own rules, and when man breaks them, he has to pay for it. The game contains four episodes in all. In this first episode you will find Grimnir and the main quest. Gameplay Your character is a lone wolf, traveling the land, killing monsters. You have the ability to fight, use magic to get back to home and even talk to the ghosts inside. It is a turn-based role-playing game in a similar way to Final Fantasy and Chrono Trigger. Story is driven by a dialog (story events) which occur at certain times in the game. Let's check some features: SUMMON. Summon an ally through the ability of the Magic, that summons a new character. RESTORE. Restore your own health. SUMMON CASTLE. To summon the Castle, you need to lift the sword, which is located on the main character's head and reveals a white pyramid. At the end of the episode, you will be able to visit the crypt d41b202975
