Level and diversity was good and graphics were nice but it was the content and the humorous titles that made the game. The best and most enjoyable RPG (in my book) that I have played. Also, it's not a game for anyone that likes the genre...its that good! 10/1/15 Rated 4 out of 5 by RedSorc Wow! Huge game with just enough depth to keep you busy for hours. Updates have made it better than the last version, and the art style is as gorgeous as it was in the beginning. The graphics are definitely worth a look, even with the distracting music. There are many combat styles to choose from, and even a

crafting system. For me, the biggest problem with this is the lack of grouping mechanics... maybe there are huge group sizes, but it would be more fun to actually play with your friends. Also, some of the dungeon randomization is a bit lame. 9/18/15 Rated 5 out of 5 by ShadowMaster1 Nutshack! I LOVED this game! It took me a while to get into the game, but once I did, it was perfect. I had a couple of problems with the game, but my fellow gamers helped me out with that. My main problem with this game is that there's no saving. Other than that, this game was great. 10/26/15 Rated 5 out of 5 by kvan It was a welcome surprise when I heard about the game After so many unfulfilled promises for a truly good RPG, I was skeptical about this title. I've enjoyed nearly every single entry of the Elder Scrolls series, so I'm a prime candidate for getting burned on a bad game, but this title was a pleasant surprise. The graphics are adequate, but not stunning, yet there are enough interesting gameplay elements to keep you entertained. The main story is fairly interesting as well, despite playing through an online campaign mode. Sadly, the game is missing saving features, which will be an impediment for players that like the replay value. Only certain parts of the game seem to be up-to-date, so there's no guarantee that the game will be in tip-top shape when it's released, bff6bb2d33
