Become a Skeleton Knight and fight alongside Maloch, the Blade of Justice. Defeat bosses and demons in visceral, yet challenging, ways! Challenge your friends in the Bone Match, a tournament for Skeleton Knights! You can change the way Maloch looks and attacks using upgradable armor and weaponry! Take pride in your achievements as you level up your combat skills, stats, and unlock awesome skills! Skeleton Knights is a skeletal combat title in which the characters from the 3DS spin-off game, Kingdom Come: Deliverance, fight alongside you in a post-apocalyptic world. Now, let's talk more about it. When Skeleton Knights came out in 2015, much has changed in the world of games. It has been a long time since a game has been able to surprise me with its depth or intricacy, but this past year alone has seen several incredible titles from game developers all over the world, including The Legend of Zelda: Breath of the Wild, Yakuza 6, and Fantasy Life. It is with this passion that I present to you, the next title that is destined to rattle your soul. The setting of this game, the fantasy world of Norne, is said to be set in the future, but when we talk about it now, it's a bit tricky to say. It's not the future. It's the present. It is what comes after today, where there are no more countries, no more mass media, just an endless stream of data and information. The only thing that separates the people from the world are their stories. I want to try and capture that story in this title, using the characters from Kingdom Come: Deliverance, the same characters from the 2016 game that inspired it, Kingdom Come: Deliverance. I think you will find the graphics and art beautiful, the combat intense and surprisingly deep, and the characters a mix of the cold, heartless warrior, and the blushing, romantic knight. You will find moments of pure fun, grand adventure, and intense battles, many of them against large bosses and demons. I want you to play this game, not because you are a Kingdom Come: Deliverance fan, but because you enjoy stories, art, and the incredible feeling of accomplishment that comes with a well-crafted game. Yes, it is a spin-off game, so you

What's new in Scutter:

Lodge, Hartford, CT) sold me on a Lodge and workshop of my dreams. Frankly, I don't know what I was thinking at the time! I finally got the post at age 65, and from the very first time I walked through the front door of the Scutter Lodge, I knew that I would be a member my entire life. If you're reading this, you are now considering membership at this most special inn and you should be excited! I have been excited every day since I signed the papers. The Scutter Hut is the perfect place to receive an annual belated-birthday-celebration, Christmas, Easter, Halloween and Thanksgiving dinner, with the ultimate goal of daily celebration and new life energy. The Scutter Hut is for everyone! In 1991, I bought the "Landmark" Map of the Scutter Hut property, and it has been my daily source of "inspiration" since. It confirmed for me that the place where I was going to build the Scutter Hut was absolutely ideal. My definition of an ideal habitat should be a place that I will return to and never leave - knowing that, in this community, we all can live close to nature and close to Spirit. It's a testament to the spirit of the Scutter community that I have been blessed to be employed in the Hartford area for more than 30 years - being a master chef, author and a guiding light for the Wisdom School of Energy Medicine. When I am not working, my entire life revolves around the Scutter and my responsibility to build a Scutter Hut and keep it filled with people who get the most out of life. Is that YOU? If you are reading this, you are seeking guidance about your own personal return journey to the Scutter Hut. I have been waiting for you and I still can't believe it has finally arrived. You came as an intention (your unique gift), you took the time to write your story (your spiritual journey), you provided a clear image of your personal need and called us back to your experience (we receive your request for help). Your turn is coming up and you are bringing your special request with you: I send you my blessings in the spirit of love and partnership, as we are on a journey together. I tell you that: 1. Your intention is approved. 2. Your spiritual journey is validated.
